Proverbs 18:17

It’s Time to Cross-Examine the Four Questions of Life!

In a recent Lifeway research poll, given to Americans regardless of religious affiliation. 72% affirmed belief in a Creator. Yet, so many struggle to enter a true relationship with their creator. I pray this series of messages will push you towards a deeper and more meaningful relationship with the God who created you!

Gallup poll- 79% believe in God; 11% don’t believe in God. And 10% are unsure if God exist.

Psalms 14:1- There is no God!

**Question 1- Origin- Where did we come from?**

Law of Causality (Science)- every finite or contingent thing is caused right now by something other than itself. Every effect has a cause-

1) **God** (The only uncaused cause) Gen 1:1; Job 38
2) **Universe** (An effect caused by God)- Gen.1:1; Psalms 19
3) **Humans** (An effect caused by God) Gen. 1:26-28; Psalms 139

This law of causality is so fundamental that if I said that the chair you are sitting on, which must have had a beginning, just popped into existence without any cause, you might justifiably think I need a psychiatric assessment! unknown

**Question 2- Meaning- What are we supposed to do?**

We were created by God to enjoy and serve Him!

Colossians 1:16-17

In commanding us to glorify Him, God is inviting us to enjoy Him. C.S. Lewis

1) Enjoy and serve **God**- Psalms 16:11
2) Enjoy and serve **one another**- Genesis 2:18-25
3) Give **Glory to God** by enjoying and serving God as well as one another!- 1 Corinthians 10:31

Whether in pain or pleasure, we give God Glory when our lives and lips point others back to Him!
